SIMPLE WAY TO END DANDRUFF

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about a half ounce of plain common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single hair and trace of it, no matter how sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

INDIAN EXHIBIT AT LATE STATE FAIR

Bead Work of Umatilla Indians Is Unique and Interesting

On unique feature of the state fair in connection with the Indian exhibit at the west end of the new pavilion, not heretofore mentioned, was the display of Indian beads and other work done by the Indians on the Umatilla reservation in Eastern Oregon. A very extensive collection has been made of articles made by these Indians, such as hand bags, gloves, moosehairs, belts, leggings, tobacco pouches, caps, etc. all heavily beaded in a most artistic manner; also hand bags woven with hawk or ruffia and hemp cord all done by hand, the color schemes and designing of the figures, all studied out and executed by the Indians, show them to be a race of exceptional artistic ability. The exhibit also shows several sets of beautiful furs made from coyote and bob-cat skins, and a rug made from a cougar skin with the head attached, all the work being done by a Walla Walla Indian, from the killing of the animals to the finishing of the furs and the mounting of the cougar head, without any previous training or instruction. The booth constructed for the display was altogether two small for as attractive a display as might otherwise have been possible. Another booth shows the rapid advance these Indians have been making in recent years in the way of dry farming, by the display of watermelons, cantaloupes, squashes, pumpkins, potatoes, onions, carrots, sweet corn and other vegetables and wheat and barley all raised by intensified farming methods without irrigation and very little rainfall, which would do credit to their white brothers in other sections of the country more favored by rain or facilities for irrigation. Still another booth shows the industry and artistic ability of the Indian women in the weaving of baskets, broodery, etc., and the canning of the various fruits. The display in this section being such as to compare favorably with the work done by white women. This is the first year there has been an Indian exhibit at the state fair and the instructions to have such an exhibit were received so late by the superintendents of the four reservations in the state, Umatilla, Klamath, Warm Springs and Siletz, as to give them only about three or four weeks' time in which to collect and prepare their exhibits. It is intended, however, if it is decided to place an Indian exhibit at the fair another year, to take the matter up early enough in the season to permit of making a more favorable and attractive display. The exhibits from the Umatilla reservation this year were under the charge and supervision of Alvin Barbour, clerk, and W. H. Seibert, farmer of the Umatilla school.

HOW TO GET RID OF A BAD COUGH

A Homemade Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way. The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex. This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of mucus in the throat and bronchial tubes, thus ending the persistent spasms. Excellent for bronchitis, laryngitis, croup and winter coughs. Keeps perfectly and tastes good—children like it. Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualic acid, which is so healing to the membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex." Do not accept anything else. A guarantee of absolute satisfaction, or money refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

FOREST NOTES.

Portland, Or., Oct. 7.—During the decade ending with the last fiscal year, the Forest Service has classified and opened to entry over 15,500 individual scattered tracts in the forests, covering over 1,700,000 acres. This classification also has resulted in eliminations, to date, of approximately 15,000,000 acres additional. There are approximately 1,200 towns and cities in the United States dependent upon the national forests for the source of their water supply. From 10,000,000 to 15,000,000 little pines, firs and spruces are planted every year on the national forests, and also several tons of tree seed are sown. Of the 1912 lumber cut, over thirty billion feet of the total were from coniferous woods, 20 per cent of which was supplied by the States of Oregon and Washington. Enough paving blocks were treated by the wood preserving plants in the United States during 1913 and 1914 to surface a street 36 feet wide and 211 miles long.

SAFE HOME TREATMENT FOR OBJECTIONABLE HAIRS

The electric needle is not required for the removal of hair or fuzz for with the use of this lotion the most stubborn growth can be quickly banished. A paste is made with water and a little of the powder, then spread over the hairy surface. In about 2 minutes it is rubbed off and the skin washed. This simple treatment not only removes the hair, but leaves the skin free from blemish. Be sure you get genuine delatone.

W. C. T. U. ELECT NEW STATE OFFICERS

Annual Convention Will Close Work At Newberg, Oregon, Tonight

Newberg, Or., Oct. 7.—The election yesterday at the state W. C. T. U. convention resulted in the re-election of the officers as follows: President, Mrs. Jennie M. Kemp, of Portland; vice president at large, Henrietta Brown, of Albany; corresponding secretary, Mrs. Mary D. Russell, of Portland; recording secretary, Mrs. Midge J. Means, of Shedd; and treasurer, Mrs. Margaret Houston, of Portland. All were elected by a unanimous vote. Mrs. Lillian Mitchner, state president of the W. C. T. U. of Kansas, spoke briefly at the morning session. She said the Kansas law is the best prohibitory law in the world and that it had prevented drinking. She received a huge sheaf of sunflowers, the emblem of her state. Mrs. Mitchner was one of the speakers tonight, her subject being the results of the enforcement of the prohibition law in Kansas.

Much enthusiasm was aroused by the remarks of Rev. Henry Mills, 86 years of age, who said that he was one of three who voted for prohibition many years ago in Vermillion county, Illinois. Rev. Alice Hanson, of Portland, said it is the duty of the W. C. T. U. to aid in increasing the sentiment in favor of law enforcement.

Author Explains Dry Law. Dr. J. E. Anderson, of The Dalles, author of the prohibition law of Oregon, spoke at length tonight in explanation of the act. He combated the argument sometimes advanced to the effect that it is not a workable law. This afternoon the delegates were entertained at a reception by the Woman's Civic Improvement club. On the opening day of the session the commercial club tendered the delegates the use of its rooms. Telegrams have been coming in to the convention from all over the United States and the proceedings of the sessions are evidently attracting wide interest. The meetings have been well attended by citizens of Newberg. The convention closes its work tonight.

The 32nd annual convention of the Oregon W. C. T. U. met at Newberg Tuesday morning, October 4th. After an inspiring praise service followed by the roll call and other introductory business the state president, Mrs. Jennie Kemp, of Portland, gave her annual address, so full of information and enthusiasm that the convention enthusiastically voted that it be printed not only in the year book, but also in booklet form for wider distribution. Mrs. Kemp told us of one saloon that tried to have moving pictures but the authorities refused permission saying that the saloon would degrade the pictures and that pictures could not elevate a saloon. She spoke of the suppression in Portland of the sale of alcoholic candy. Of our W. C. T. U. booth in the educational building at San Francisco having received the grand prize for exhibits in this building it is certainly remarkable that there were but two of our Oregon counties that failed to give a majority for prohibition last fall and they failed merely by 35 and 95 votes. Certainly the Oregon W. C. T. U. stands at the door of greater opportunity for civic service. The same majority which voted Oregon dry should delegate to political oblivion every officer who does not enforce the law.

One of our speakers thinks every candidate should measure about 45 inches to the yard for they will doubtless shrink considerably after they are in office. Many who are now in office should be sent home for a rest. It is encouraging in our work toward national prohibition to know that at the present time 80 per cent of the territory and 65 per cent of the people of our nation are under dry legislation.

The preliminary report of the credential committee showed 139 present on Tuesday morning. Many more will be in later. Tuesday evening welcome was extended to the convention in behalf of the city by the mayor, James Edwards, also by Rev. Gould, of the M. E. church for the churches, by Rev. Levi Pennington of Pacific college for educational forces, by Mrs. Inez Butt for women's clubs, and by Rev. Louise Rounds for W. C. T. U. Mrs. Ada W. Uaroh, national organizer, ably responded.

Anita M. Baldwin Buys Holstein Cattle

Sacramento, Oct. 7.—Mrs. Anita M. Baldwin, of Los Angeles, daughter of "Lucky" Baldwin, was one of the main purchasers at the auction sale of Holstein cattle during the first day of the sale at the state fair grounds. Agents for Mrs. Baldwin paid \$9,950 for twenty head of cattle Wednesday.

Prepare For Long Fight Over Spalding Estate

San Diego, Oct. 7.—Attorneys for both factions were today preparing for the long legal battle over the fortune of the late A. G. Spalding, "father of baseball," following the appointment yesterday of Mrs. Spalding, eccentric of the estate. Keith Spalding, son of the sporting goods magnate, who is contesting the will which left the bulk of the \$2,000,000 estate to the widow said today, that the true facts concerning the will were being withheld from the aged mother of A. G. Spalding in the east. "We fear the shock might kill her if she learned that her son left his estate to his second wife," Spalding said. He denied statements attributed to Madame Katherine Tingley, head of the Theosophical Society, of which Mrs. Spalding is an active member, that Spalding was a poor man when he married the second Mrs. Spalding. "His fortune was already established," young Spalding said today. He also took issue with Mme. Tingley in regard to the funeral of his father, which he says was held almost before relatives of the deceased in the east were notified.

Leibold, Mrs. Chas. Livingston, Mrs. George. McCarthy, Mrs. P. McFarlan, Mr. J. A. McSorley, Mr. Arthur. Mann, Mrs. L. L. Merrill, Mr. R. E. Murray, Mr. Joe. Oakes, Mrs. K. Olson, Mr. Frank A. Park, Will. Price, Mrs. Mary. Pyle, Mr. Harry P. (3) Quinlan, Mr. Loo E. Soarer, Mrs. Carrie. Shultz, Mrs. John D. Smith & Morris, Editor Democrat. Solberg, Mrs. Will. Stiff, Mrs. E. L. Sullivan, Miss Cora. Tansell, Mr. B. Thompson, Mrs. R. E. Van Fleet, Mr. and Mrs. J. M. (2) Yakuta, Mr. K. Young, Mr. Westley. Waldman, Mr. J. A. White, Mrs. Joe. Williamson, Mr. L. A.

25 CENT GAS IN SEATTLE

Seattle, Wash., Oct. 7.—An order of the Public Service commission, is today in file in reducing the minimum charge for gas in Seattle to 25 cents a month. The Seattle Lighting company has been charging 50 cents and though it had agreed some months ago to the 25 cent rate, failed to live up to its agreement with the city and re-petitioned the commission for permission to charge the higher rate. The order is to become effective October 26.
